Dear Miss Susie -

Bertha asked me to go up to the Court house & look up the will of Benj Collier which I did. But find that he does not even mention the names of his children in his will. He just says children that is all. He makes his Son Ben Jr his administrator. He has grand children living here. B. called me mrs Chancy yesterday who is one of them she could tell about none of them except her Grand Father Ben. The rest of them went to Texas before her day. mrs Mary Childs of Brunwood is one of the Colliers See her. Bertha has just talked with mrs W.H. Alexander one of the grand daughters who can give you the whole line of Benj Collier, but dont know any thing about any of the rest. Bertha says she will write you again in a few days -

As ever
